What distinguishes Strata Flooring from other flooring?

100% WATERPROOF

Strata Flooring with ISOCORE Technology™ is 100% waterproof flooring suitable for every room in your home including kitchens, bathrooms, and laundries.

HIGHLY STABLE OVER LARGE AREAS

ISOCORE Technology™ allows Strata Flooring to be laid in spaces up to 400 m² without a break - max length of 30m.

OUTSTANDING ACOUSTICS

Strata has excellent in-room and transfer acoustics. Ideal for noisy environments and multi-level buildings.

EASY INSTALL WITH DROPLOCK 100® SYSTEM

A drop and lock installation system at the end joins makes Strata Flooring easy to install for DIYers.

ULTRA-FRESH™ ANTIMICROBIAL PROTECTION

Ultra-fresh™ antimicrobial treatment inhibits the growth of unwanted bacteria, mould and mildew keeping your environment healthier.

ATTACHED ACOUSTICAL UNDERLAYMENT

Sound Mitigating Underlayment with Ultra-Fresh* treatment making installation and after care so simple.
